Special Camps is All Volunteer. Most of our adult staff leaders have been with us for more than 20 years. We're looking for teens who like to have fun and help others to serve as camp counselors. Must be in high school or older, and able to commit to a full week of fun. We are also looking for adults to lead groups to their activities, and participate in activities alongside our amazing campers.

Volunteers have unique opportunities to learn from the campers they come to play, and live along side, that can lead to personal and professional growth. Special Camps provides training.
